

INTESTINAL STEM CELL CONSORTIUM (ISCC) FALL 2015 STEERING COMMITTEE MEETING AGENDA

∞ Stanford University ∞

∞ Day 2 – Friday, October 16th, 2015 ∞

∞ 7:30am – 11:00am ∞

∞ Li Ka Shing Center for Learning and Knowledge (LKSC), Room 0005, Basement ∞

∞ Teleconference Screen Sharing Capabilities: <https://join.me/ISCCMeeting> ∞

7:15am	Pre-Meeting. Translational Working Group Discussions (All interested participants are invited to attend this session during Breakfast)	
7:30am	<i>Breakfast (To Be Provided)</i>	
8:00am	Welcome	Jill Carrington Calvin Kuo
8:10am	I. Recap of Day 1 and Discussion of Future Group Projects	All
9:00am	II. Pilot Project Discussion Groups (6) <i>20 minutes each</i>	All
9:00am	Identification of human intestinal stem cells by lineage tracing in intestinal organoids.	Noah Shroyer
9:20am	Regulation of ISCs by pathogens	Ophir Klein
9:40am	Single-cell proteomic map of intestinal stem cells	Calvin Kuo
10:00am	Cellular and molecular characterization of intestinal mesenchymal stem cells (iMSCs)	Linheng Li
10:20am	Intestinal subepithelial myofibroblast (ISEMF)-derived factors for intestinal regeneration after radiation	Martin Martin
10:40am	Intestinal subepithelial myofibroblast (ISEMF)-derived factors for intestinal regeneration after radiation	Ramesh Shivdasani
11:00am	Adjourn
